

WHY?

TEXTAR[®]

BRAKE TECHNOLOGY

TO MARKET

At TMD Friction we are proud of our ability to be first to market with our Textar brake pads and brake discs, proving our credentials as industry leaders for friction products.

LARGEST PRODUCT RANGE

More than 1,900 disc brake pads, over 1,650 brake discs, 425 brake shoes, 250 kits and 220 brake drums, are proof that Textar offers one of the largest product portfolios for current motor vehicles.

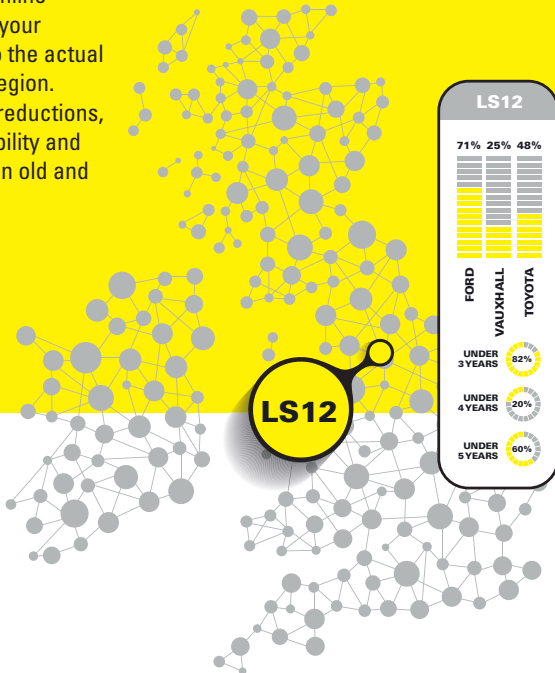

In the uncompromising pursuit of quality, long service life and high braking comfort, our specialists have developed more than 60 different noise dampening solutions.

AUTOVIEW

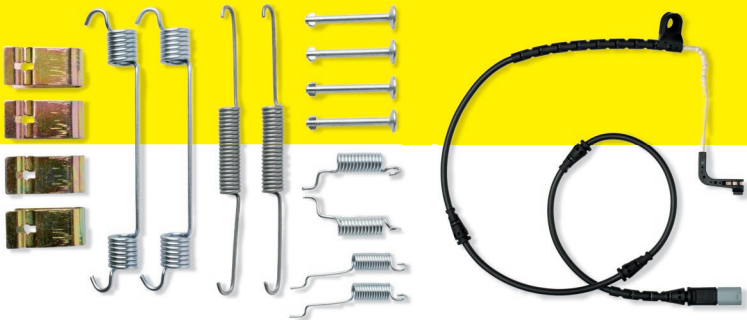

Autoview is a unique online platform that matches your braking stock profile to the actual car parc data in your region. Providing major stock reductions, increasing your availability and reducing cash tied up in old and redundant stock.

FULL ACCESSORIES KIT

Textar products come with the full accessories kit in the box and are included in the price where required.

So there are no hidden extras and ensures you can provide a complete solution to garages. If it's in the OE box then it is in the Textar box.

TEXTAR

OE PREMIUM PRODUCTS

Textar is the OE brand of choice for many of the world's leading vehicle manufacturers. Our aftermarket range benefits from this knowledge and expertise, ensuring that all of our products are made to an OE standard.

TEXTAR

MANUFACTURED IN-HOUSE

We don't go shopping for our brake pads; as a global manufacturer of friction products, you can rest assured that Textar has been manufactured to the highest standards at our in-house facilities.

All Textar pads are manufactured in Europe.

TEXTAR

ECE R90 TEST RESULTS

All Textar pads and discs not only meet the ECE R90 regulations, but we go above and beyond the legal requirements to provide the perfect performing product each and every time.

REQUIREMENTS - ECE-R90 VERSUS TEXTAR
